Building Services Representative	
COMMENT:	<input type="checkbox"/> Demolition permit for existing structure <input type="checkbox"/> Regional service permits

Resubmission Tips:

1. Provide a cover letter to explain how each comment has been addressed and reference the drawing or document where the response can be found.
2. Use revision bubbles to denote changes to drawings and coordinate drawing updates including those that affect other disciplines, title block revisions and stamps.
3. If clarification is required on any of the above comments, please contact the plans examiner associated with each of the above reviews.
4. When all comments have been addressed, please make one resubmission of all revised drawings and documents. Submit only pages that have had changes, not the full set of drawings.
5. Flatten and orientate drawings, black and white only.
6. If permit fees are outstanding, please make payment prior to resubmission.
7. Resubmit at <https://townofOakville.force.com/ServiceOakville/s/>

Thank you,
Ralph Kaminski
Director and Chief Building Official
