The home was extensively renovated in 2009, including a new kitchen, full drywall throughout, updated vapor barrier and siding, repaired shingles, and all new windows.

Mechanical upgrades include a furnace (2009) with a new heat exchanger installed in 2020, as well as recent updates to the hot water tank (2025) and a Granby double-wall fuel tank (2016).

The open concept living space features a bright front living room seamlessly connected to the kitchen, creating a welcoming and functional layout.

Two secondary bedrooms are connected by a convenient Jack-and-Jill bathroom, while the spacious primary suite offers a walk-in closet.

The partially fenced yard includes a good-sized storage shed, providing extra outdoor storage.

The price includes fridge, stove, dishwasher, range-hood, washer and dryer, and storage shed.
