

828 Dusseault Court

This 3 bedroom, 1 bathroom has been thoughtfully renovated with tasteful modern updates. Situated in a convenient, yet quiet Frame Lake subdivision, this property has beautiful perennial gardens, front porch, mostly fenced in yard with shed, flagstone eating area, firepit and tons of wood storage.

Beautifully updated inside with a large, bright and functional kitchen including a renovated floor plan that allows for entertaining during cozy nights around the WETT certified wood stove oven. Imagine the smell of freshly baked bread or a turkey dinner cooked on the fire. This home features two additions, one of which has seen trusses replaced, spray foam insulation, along with new floors. An enclosed side porch adds interior wood storage or three season enjoyment when the weather gets chilly. The freshly updated bathroom offers a stylish vanity, new toilet and flooring. The large storage room can easily accommodate tons of winter gear, flex space, or could be reconfigured into a second bathroom. Two of the bedrooms offer very spacious retreats, with the third also being generously sized for use as an office or family room if desired.
