## NEW-BUILD TOWNHOME DEVELOPMENT IN ESQUIMALT

Discover a new energy-efficient boutique townhome development in Esquimalt, offering you the lifestyle that blends luxury, comfort, and convenience at an affordable price. Large, bright, corner units designed by an award-winning architect & builder reveal quality and style at every turn.

Striking attention to detail in this development covers all aspects of design inside and outside, such as the 9-foot ceilings, exceptional soundproofing, metal roof, durable and low maintenance siding, and many other upgrades. Modern interiors boast luxury vinyl plank flooring, quartz countertops, designer lighting, and a soothing natural colour palette. Black plumbing fixtures and upscale tile surround bathrooms further elevate the overall aesthetic. Each unit enjoys a private outdoor space - either at grade, or as a roof deck - ideal for entertaining guests.

These homes are designed for low maintenance, ensuring your living experience remains hassle-free for years to come. Additional features include air conditioning and 1 parking spot per unit, providing convenience right at your doorstep. For added accessibility, two wheelchair-friendly units are available for those looking to age in place.

As part of this development, a significant new communal green space is proposed, drastically improving the existing intersection, and positively contributing to this vibrant, walkable, up and coming neighborhood. Connect effortlessly to Vic West, downtown Victoria, and the rest of the city via multiple transit options, E&N Trail, and the Songhees walkway. With amenities such as tennis courts and the swimming dock at Banfield Park mere steps away, this community will be perfect for those with an active lifestyle, and those looking to raise a family. Don't miss your chance to own a unit in one of Esquimalt's most desirable new boutique buildings.
